

Re; Greetings

Dear Fr. Ruiz –

This is wonderful news and well-deserved recognition of the work the Sons of Divine Providence – Orione Fathers are doing for the people of Kajiado County. You are literally changing and improving lives of people who previously had been marginalized due to circumstances beyond their control. You have also educated the community members that a disability does not limit the potential of the human spirit. It is exciting to know that the United Nations Special Envoy on Disability and Accessibility, Ms. Maria Soledad Cisternas Reyes, has chosen to honor the Orione Community Training Centre for its ongoing humanitarian work, especially in this difficult time of the Covid-19 Pandemic.

On behalf of the Hickey Family Foundation, we are proud to support your work and applaud the honor being bestowed on you on December 3, 2020. I wish I could be there in person, but please know that I and all of the Hickey Family Foundation trustees will be with you in spirit for this high honor!

Nancy E. Baldwin
